

## Exclusive Collection Features

The Alabaster Collection integrates several unique features designed to enhance the AV experience

- **Premium Craftsmanship**  
Handcrafted AV cabinet comprised of high-quality hardwoods and wood veneers in a luxurious caramel brown or charcoal finish
- **Built-in Ventilation**  
Vented shelves promote proper airflow to keep AV components cool for optimal performance
- **Easy Access to Components**  
Tool-free removable back panel provides easy access to the back of components
- **Integrated Cable Management**  
Innovative cable management allows cables to pass discreetly through cabinet and remain hidden from view
- **Hidden Casters**  
Concealed casters within feet stay hidden yet offer easy mobility to access rear of furniture
- **Pull-Out Shelf**  
Pull-out bottom shelf simplifies installation of heavy components or provides easy access to a turntable (or space for a small subwoofer)
- **Slow-Close Door Hardware**  
Premium, slow-close hardware ensures doors close soft and smoothly
- **Built-in Power Strip**  
Included six-outlet power strip saves space and provides a neat appearance
- **Generous Storage Space**  
Adjustable shelves and deep storage drawers provide extra room for components and accessories
- **Wood and Speaker Cloth Panels**  
Optional wood and speaker cloth panels enclose AV equipment or center channel for a refined appearance
- **Dedicated Turntable Storage (ACA42 only)**  
Hinged top shelf easily lifts up for access to dedicated turntable storage shelf
- **Rack Rail Compatible**  
Compatible with the optional rack rail accessory kit allowing for AV components to mount directly to furniture

### The Alabaster 42" AV Cabinet

Recommended for AV component storage

*MODEL ACA42*

Featuring four internal shelves, integrated cable management and built-in ventilation with convection cooling, this versatile, stylish piece keeps your audio gear both organized and cool for optimal performance.

23.6" w x 24" d x 42.5" h

### The Alabaster 53" AV Media Console

Recommended for use with TVs up to 60"

*MODEL ACV53*

Constructed of premium hardwood, the 53" media console supports TVs up to 60" wide. This piece features a unique design providing a fully enclosed appearance, while built-in ventilation keeps your components cool and running efficiently.

53" w x 23" d x 22.75" h

### The Alabaster 73" AV Media Console

Recommended for use with TVs up to 80"

*MODEL ACV73*

Designed for use with today's largest flat-panel technology, the 73" media console is compatible with TVs up to 80" wide. Featuring adjustable internal shelves and two deep storage drawers, this piece provides a stylish, sleek solution for storing a wide variety of AV gear.

73" w x 23" d x 22.75" h
