MODEL VLF320

MODEL VMF322

## Super Slim full-motion mounts now extend further than ever

The new VLF320 and VMF322 mounts place flat-panel TVs incredibly close to the wall while still offering full-motion capabilities. These mounts feature longer extension than other Super Slim full-motion mounts — the VLF320 extends up to 20 inches and the VMF322 can extend 22 inches from the wall. An integrated cable management system hides all wiring and cabling within the extension arm, and decorative covers conceal mounting hardware for a finished look. The VLF320 and VMF322 allow TVs to tilt with the touch of a finger, and post-install leveling adjustments ensure TVs are perfectly positioned after hanging.
