

NEW SANUS ELEMENTS™ CABLE TUNNEL KITS

New cable tunnel kits are the perfect addition to any home theater

Conceal and route even the most complex cable arrangements with new Sanus Elements™ cable tunnel kits. These easy-to-install 20" cable channels can be painted, cut and even routed around a corner. Simply attach the wall clips to the wall, secure cables and wires to the fasteners and snap the tunnels onto the clips for a seamless appearance.

model ELM302-W1 shown

Easy installation: attach wall clips to wall, fasten cables into place and snap tunnels onto wall clips for a seamless appearance

20" ABS channels can be painted to match room décor and cut to specific lengths

Uniquely designed wall clips attach to wall and secure even the most complex cable arrangements, discreetly concealing them under cable tunnels

90° tunnels allow connection around an inside or outside corner

ELM302-W1

45° connectors make any complex room easy to wire
