THE UNION OF FORM AND FUNCTION

Assembly Instructions for SFKEF XQ One Top Plate

The hardware to attach your new KEF XQ One Top Plates are provided with your Sanus Systems Speaker Foundations. The 7 hole pattern provided in the center of the Top Plate allows attachment to our Euro and Designer Foundations fixed height stands, Natural Foundations, Steel Foundations, and Ultimate Foundations. The 3 hole pattern provides a location for each KEF XQ One foot.

* Please Note: Use the hardware provided with your speaker stands to attach these top plates.
