

# NEW SANUS® AV FOUNDATIONS® STEEL SERIES LOWBOY

## Introducing the latest addition to the Steel Foundations family

The new Steel Series SFV265 is a lowboy designed to fit today's most popular large TVs and home theater components. This sturdy piece features a high-gloss black finish, three extra-thick tempered-glass shelves that hold up to 100 lbs each and multiple cable management channels to accommodate large AV component arrangements. Adjustable feet ensure the SFV265 is level on any surface, and open architecture allows unrestricted airflow to keep components cool for optimal performance.
