NEW
SANUS In-Wall Cable Management System

Clean, simple and easy to install.

Introducing the ELM806 in-wall cable management system from SANUS. An easy to install in-wall power and cable management system designed to simplify wiring behind wall-mounted flat-panel TVs. This discreet system allows low voltage cables and wires to be routed through the wall for a clean look. Included hardware and a helpful mounting template make the ELM806 the perfect do-it-yourself solution for any skill level, without the need for an electrician.
