

# NEW SANUS FOUNDATIONS® Basic Series Furniture

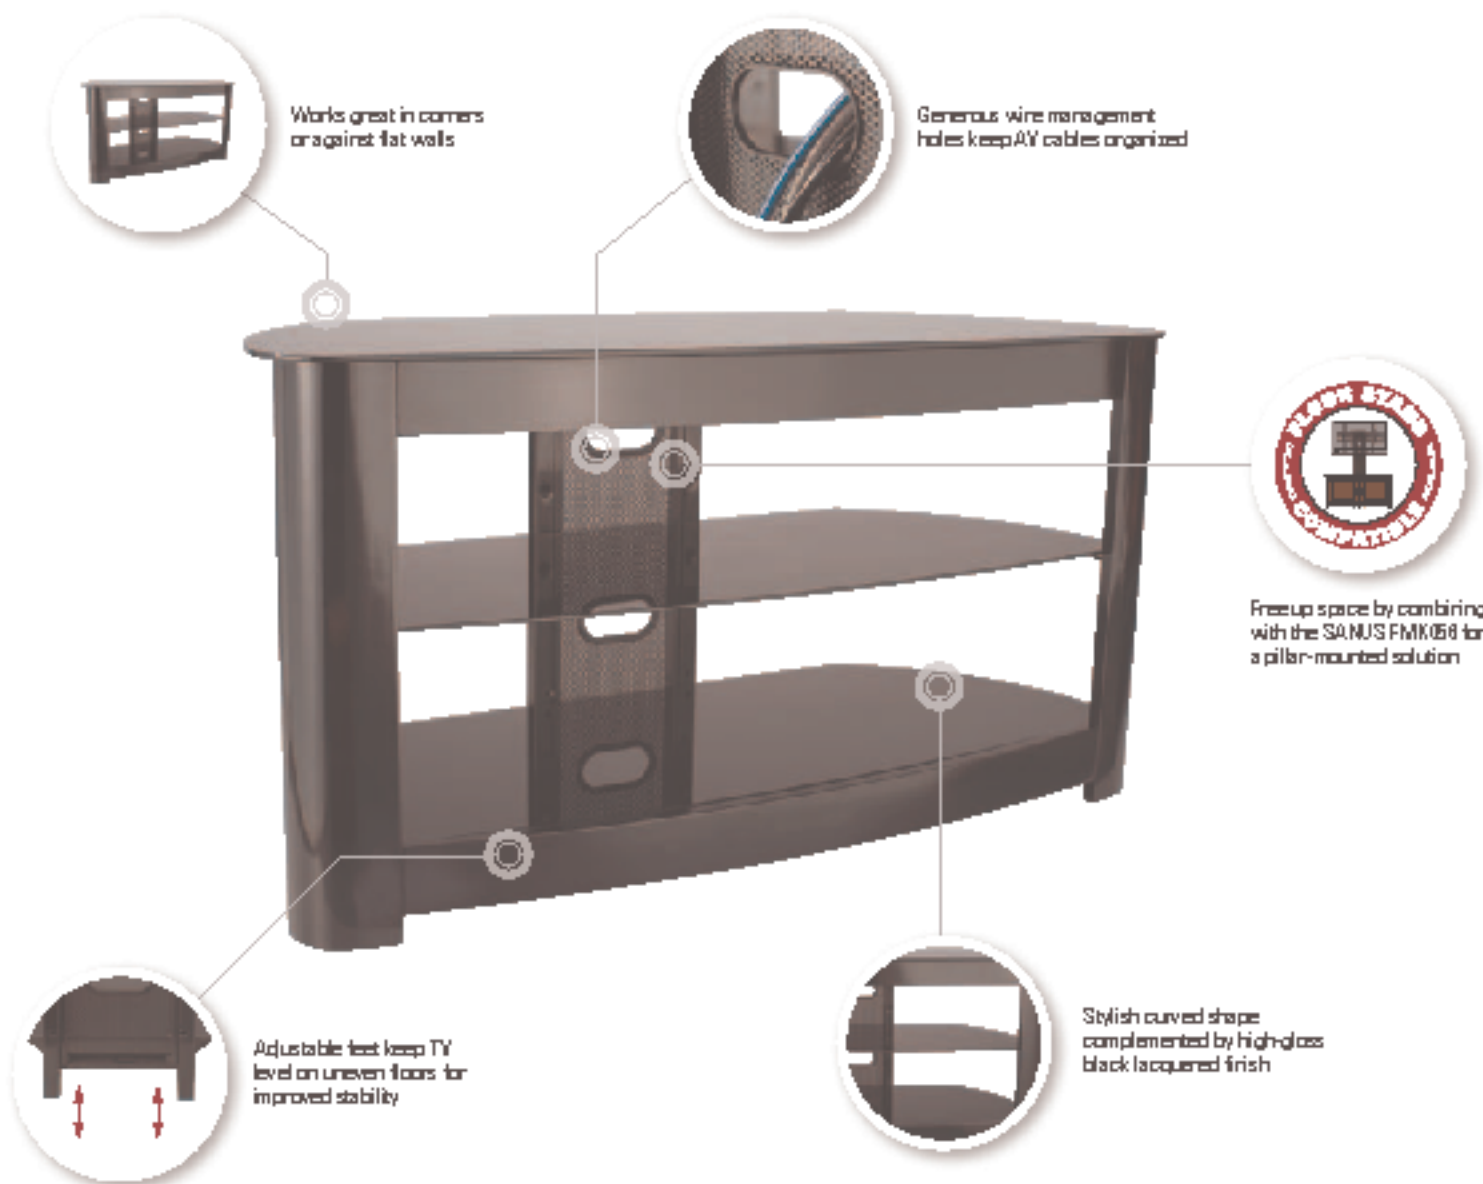

MODEL BFAV344

Perfect for the corner of a room or flat against a wall

New to the SANUS Foundations Basic Series, the BFAV344 AV stand holds TVs up to 56" and adds a sleek, modern look to any room with its high-gloss black lacquered finish. The curved shape of this AV stand allows it to be positioned in the corner of a room or flat against a wall, making it more versatile than most AV stands. Adjustable feet enhance TV stability on uneven floors, and large cable management holes ensure AV cables are organized for a clean appearance. The BFAV344 can be combined with the FMK056 mount kit for an easy mounting solution anywhere in a room.
