MODEL EFAV40

MODEL EFA31

EFAV40 and EFA31

## Updated models offer new and improved features

The newest additions to the SANUS Foundations Euro Series, the EFAV40 and EFA31, offer updated features for simplified setup and use. The improved wire management system uses clips to secure cables along the pieces' pillars for a clean and organized appearance. Unlike previous Euro Series models, the EFAV40 and EFA31 feature adjustable casters to ensure the units are always stable and aligned, even on unlevel surfaces. It is now easier than ever to incorporate a center channel or sound bar into an AV system — the updated Euro stands' middle pillar has been repositioned to perfectly accommodate add-ons.
